REQUEST FOR CERTIFICATE OF CORRECTION UNDER 35 U.S.C. § 255

The Assignee of record in the above-referenced patent, Aluminium Norf GmbH, Inc., by virtue of an assignment recorded September 12, 2005, at Reel 016519, Frame 0837, hereby requests that a Certificate of Correction be issued for U.S. Patent No. 7,185,520 under 35 U.S.C. § 255 (37 C.F.R. § 1.323).

After receiving the first action Notice of Allowance, Assignee recognized some clerical and translational errors in the specification of the above-referenced patent. Assignee filed an Amendment After Allowance to correct these issues. However, due to a formatting error, the Amendment was not entered prior to payment of the Issue Fee.

In the enclosed Certificate of Correction, Assignee seeks to amend the specification to correct the various clerical and translational errors identified in the Amendment After Allowance. Specifically, Assignee wishes to correct the following clerical errors: insertion of "a" between the words "to" and "method" in column 2, line 29; deletion of reference number 46 in column 6, line 57, and substitution of reference number 45 for 46 in column 7, lines 14 and 17. Assignee also wishes to correct the following translational errors: substitution of the word

“thickness” for “length” in column 2, line 36, insertion of the phrase “axis of the” before the word “take-up” in column 5, line 37, and substitution of the word “input” for the word “output” in column 7, lines 19.

Assignee respectfully submits that the above listed mistakes are of a clerical nature and occurred in good faith during prosecution. Assignee further submits that correction of these mistakes does not constitute the entry of new matter nor would it require reexamination of the patent. Assignee further submits that the corrections of these mistakes are supported by pages 4, 9, 10-14, and Fig. 3 of the originally-filed specification. Accordingly, Assignee requests that the Commissioner issue a Certificate of Correction under 35 U.S.C § 255 to correct all of the mistakes identified above. If there are any questions regarding this matter, the U.S. Patent Office is kindly requested to contact the undersigned at the telephone number identified below. The Commissioner is hereby authorized to charge any fee necessary to enter this paper, including the \$100.00 certificate of correction fee, to Attorney’s Deposit Account No. 16-2500.
